3 Year Warranty

> [Visit product online](#)

Features

- Detects motion from any angle with 360° coverage
- Flush mount design provides seamless integration into ceilings
- Adjustable time delay & lux level ensures activation only when necessary, enhancing control and efficiency
- IP20 rating ensures that PIR sensors are protected against solid objects, enhancing durability and reliability in indoor environments
- A 6-metre detection range ensures comprehensive monitoring of larger areas, enhancing security and convenience.

User Recommendations

- Ideal for hallways, walk-in wardrobes & garages

Overview

The HPM Recessed 360° PIR Movement Sensor is an ideal choice for hallways, walk-in wardrobes, and garages. Designed to save energy, it provides efficient lighting management. Its round shape and durable materials allow it to seamlessly blend into walls or ceilings.

Quality You Can Trust

Convenient Functionality

- Activates solely upon detecting changes in infrared energy, thereby conserving energy and boosting efficiency.
