- Easy set push tab operation
- Easy set push tab operation

User Recommendations

- Suitable for indoor use only

Overview

Ideal for use with pool and spa motors, fans and air conditioners. This 24hr heavy duty timer allows you to set and forget appliances. Work smart. Relax more.

Quality You Can Trust

Installation

- Repeats the settings each day without reprogramming. For repetitive tasks, this is the easiest way to switch on and off at the same times each and every day. The 15-minute segments give control to within 15 minutes of switching times.

Convenient Functionality

- Double pole timers ensure both the live and neutral wires are disconnected, eliminating any risk of electrical shock and ensuring the connected device is fully powered off when not in use.
